Dear New Mountain Resident,

The Boulder Mountain Fire Protection District Auxiliary (BMFPDA) welcomes you to your mountain community.

The contents of this package are important and have been chosen to help you safely enjoy your new mountain lifestyle. Mountain living presents different challenges from living in the city with regard to utilities, emergency services and the environment.

You and your home are under the protection of a volunteer fire department! Any road accident, medical or fire emergency will be handled by BMFPD First Responder/Firefighters in conjunction with our neighboring Boulder County emergency responders.

Provide your contact information to Boulder County Office of Emergency Management at www.boulderoem.com to sign up to receive Reverse 911 phone calls, texts, and emails during an emergency within the county.

Among our additional responsibilities as mountain residents is ongoing tree maintenance for fire mitigation, a service your fire department can provide. Find information at: <https://www.bmfmitecrew.com>

Our responders need to quickly locate your home in an emergency (day or night) so it is CRITICAL you install a Reflective Address Marker at the entrance to your driveway so it can be seen from both directions! Order it here:

<https://www.bouldermountainfireauxiliary.org/community-safety-store-1>

Although BMFPD is tax supported, additional funds are continually needed to keep our District on the leading edge in equipment and training. Cash donations can be made at: www.bmfpd.org/donations. Contributions are tax deductible and BMFPD appreciates your support.

BMPFD is always seeking volunteers as Firefighters and Auxiliary members. Learn more at: www.bouldermountainfireauxiliary.org

Please call us or contact Chief Benson at Chief@bouldermountainfire.org or 303-440-0235 with any questions. Welcome!
